Date: 04/17/2021
Date: 04/17/21

FISCAL NOTE ANALYSIS

STATE OF ALASKA
2021 LEGISLATIVE SESSION

Analysis

This bill amends AS 18.65.220 relating to powers of the Alaska Police Standards Council (APSC) by adding a new subsection requiring APSC to:

- Adopt regulations requiring a police officer, parole officer, municipal correctional officer, or correctional officer (officers) to report to a supervisor an incident in which an officer used deadly force or prepared to use deadly force against a person;
- Maintain a central registry of officers who have had a certificate denied or revoked for failing to meet standards adopted by APSC; and
- Prepare and submit a report to the legislature detailing the information entered in the central registry in the preceding year.

APSC meets quarterly and requires at least two meetings to endorse, publish, gather public comment, and adopt new regulations. Based on the July 1, 2021, effective date of the bill it is expected the required regulations would be adopted by January 1, 2022.

APSC currently manually enters data into the National Decertification Index (NDI) for every officer in Alaska whose certification is revoked or denied. Because a central state registry does not presently exist, modifications to APSC's information management system, ACADIS, would be needed. The modifications are expected to cost \$20,000 the first year to include one-time setup and training costs, and \$10,000 per year thereafter for online system hosting and data management services.

Preparation of an annual report to the legislature will involve staff time which would be lessened by the modifications to ACADIS and is not expected to require additional staff.
